

## CAR-PD (CONTENT-AREA READING)

In response to legislation passed in 2006, the Florida Department of Education created CAR-PD to emphasize reading instruction professional development for content area teachers.

LEADING EDUCATORS INTO TOMORROW

## Next Gen CAR-PD coming soon!

Completion of CAR-PD makes teachers eligible to serve as reading intervention teachers in their content area classes, pursuant to the approved K-12 Comprehensive Reading Plan.

Beacon offers two of the three components for Florida's CAR-PD program: Competency 2 and the practicum. Participants will also need to complete the CAR-PD Academy through their districts.

## Course Title

## Contact Hours

## Description

Reading Competency 2:  
Research-Based Practices,  
Parts A & B

60

Identify principles of scientifically-based reading research. Demonstrate the ability to identify explicit, systematic instructional plans for scaffolding reading development in the areas of comprehension and vocabulary.

Content Area Reading-  
Professional Development  
(CAR-PD): Practicum

30
